RESEARCH INTERESTS

My research interest lies in the intersection of Behavioural Economics, Artificial Intelligence, and Machine Learning.

EDUCATION

<i>Masters of Applied Data Science and Statistics</i>	<i>2019-2020</i>	The University of Exeter, Exeter UK
		Classification: Pending · <i>Predicted: Merit/Distinction</i> · School: College of Engineering, Mathematics and Physical Sciences Thesis: <i>Pending</i> . Advisors: <i>Pending</i> .
<i>Bachelor of Economics</i>	<i>2016-2019</i>	Coventry University, Coventry UK
		Classification: 2:2 · <i>Second Class Division II</i> · School: FBL Thesis: <i>Does loss aversion exist? A critical and mathematical review</i> Description: This thesis explains the differing results of loss aversion and presents different alternatives to what the ultimate definition of loss aversion is. Advisors: Mrs. Charlotte CARRUTHERS

WORK EXPERIENCE

<i>The University of Exeter</i>	<i>2019-Present</i>	Unibuddy Scheme Ambassador, THE UNIVERSITY OF EXETER — Exeter
		Answering questions from students about study, life and your experience at university (one hour per week at the standard ESA (Exeter Student Ambassador) hourly rate). Helping students find the right information and contact details for particular departments/people at the University of Exeter. Checking my account on a daily basis and answer questions in a timely manner. Keeping conversations going and building up a friendly relationship with students by asking questions and being engaging. Reference: Grace RYDER · +44 1392723139 · G.Ryder2@exeter.ac.uk
<i>The University of Wollongong</i>	<i>2014-2015</i>	Library Assistant, THE UNIVERSITY OF WOLLONGONG — Dubai
		Helping customers locate books. Helping customers find material online. Checking books in and out at the front desk. Sorting and shelving books according to their categorization. Reference: Sabiha BANU · +971 4 278-1739 · SabihaBanu@uowdubai.ac.ae
